

We Mean Business. We know that in today's economy, companies are finding it harder and harder to justify the expense of sending their employees out of town to attend an annual convention. We understand that many companies are having to reduce their workforce in order to meet monthly and annual budget expectations. Dollars are tight and the amount of hours in any given day are continuing to decrease.

That is why the VRMCA Spring Convention agenda is being developed for **YOU And Your COMPANY.**

We Mean Business. Our agenda includes an economists view on the state of our industry, an update on the Employee Free Choice Act and a presentation about LEED Credits and Sustainable Design. In addition, we'll hear directly from VDOT about the economic stimulus funds for Virginia and their process of "letting" for VDOT contracts. We will present the annual Safety Awards and hear from the 2009 Gubernatorial candidates on their vision for Virginia.

You must be a fully registered convention attendee to participate in any activities associated with the convention.
