OPENING

Don Cooper called the meeting to order after member sign in and distribution of anti-trust statement. Art Nettle made a motion to approve the minutes and attendance from the last meeting. Marty Shurina seconded the motion.

TREASURER'S REPORT

Mike Kavka reports a balance of \$4,793.65

COMMITTEE REPORTS

Residential Promotion – Tom Yendall

- ICF Open house date still TBD.
- Soliciting financial help from NECSA to support ICF training and certification. Anticipated date for event is September 19th. Looking to support a good turnout by paid attendees.

Commercial Promotion – Art Nettle

- Working on stamped and patterned concrete onsite demo. State of existing job is lagging behind so confirmed date is not available yet. Project is in Ashburn, Virginia with 60,000 square feet of patterned concrete.
- Looking to solicit Design DC attendees to tilt up demo on a jobsite.
- Working on an invitation list for a pervious concrete presentation (lecture and placement session) to be conducted in mid-October.

Education Committee – Dave Barber

- Continue to work with other committees to help provide event speakers.
- Asking for manpower to cover the booth at the Design DC show.
- Committee is short on people; looking for more help.

HESSAM NABAVI, VRMCA

- Working on coordinating the Design DC event with relevant AIA information.
- For more information regarding the event, go to Design DC website.
- Asking for more help manning the booth at the Design DC event.
- Learn about building access prior to attending show.

ROUNDTABLE

- Hank Keiper of Southeastern Fly Ash acknowledged himself as a “first timer” to our meeting and is looking forward to joining the group.
- Tom Yendall advised that there is a quality pervious CD demo available for sale.
