

HARD HAT TOUR

Rockingham County

Thursday, November 21, 2019
Beginning at 11:00 AM

The Virginia Ready Mixed Concrete Association (VRMCA) is pleased to partner with the design and construction team of the Slavic Christian Church in Rockingham, VA to offer a FREE Hard Hat Tour.

The VRMCA Hard Hat Tour will include a series of short presentations and conversations that will focus on the design, construction process and decision to use ICFs. Lunch will be provided.

Attendees will be able to:

- walk through the building
- chat with various ICF experts
- take part in an ICF product demonstration.

Participants will earn three AIA-CES Learning Units or three PDH for attending the event.

Please make sure to bring your personal protective equipment.

Where:

The Slavic Christian Church located at:
463 Erickson Avenue,
Rockingham, VA 22801

Who:

Design and construction professionals within Virginia, especially those who are interested in learning more about ICFs for upcoming and/or future projects.

Why:

The construction of the new Slavic Christian Church offers an excellent opportunity for us to showcase the benefits and advantages of Insulated Concrete Forms (ICFs).

How:

Online registration is now available and highly encouraged using the link below.
